

**Details of Equipments purchased under the DBT-funded ALSBThub Phase-II**

**Project Title: “Promoting advance research and capacity building in Biotechnology & allied disciplines through manpower training, mentoring and sharing of infrastructure developed under the Advance-Level State Biotech hub”**

**PI- Dr. Dipak Deka**

**Associate Professor & Head**  
**Dept. of Animal Biotechnology**  
**CVSc, AAU, Khanapara, Guwahati**

Sl. No.	Name of the Equipment	Make	Model	Date of Purchase	Current Status	Current Picture
1.	4C Refrigerator, ~ 478Ltr	LG	S402RDSY/RP ZY/JDSY)	30.05.2022	In Working condition	

2.	<b>-20C Vertical deep freezer, ~ 345 Ltr</b>	Celfrost	GN 650BTM (NEW)	01.07.2022	In Working condition	
----	--	----------	--------------------	------------	-------------------------	--

3.	<b>Autoclave machine (Automated, 180 Ltr)</b>	Ambinova	AMBI-VAV-1500E	16.02.2023	In Working condition
----	---	----------	----------------	------------	-------------------------

4.	<b>Mini-PROTEAN Tetra cell, Mini Trans-Blot Module, and power pac Basic power supply</b>	BioRad	Mini-PROTEAN® Tetra Cell	10.12.2022	In Working condition	
----	--	--------	-----------------------------	------------	-------------------------	---

5.	<b>Class 2 Biosafety cabinet, Type B2</b>	Haier	HR40-IIB2	14.02.2023	In Working condition	
----	---	-------	-----------	------------	-------------------------	--

6.	<b>Cryopreservation system (Thermolocator-4 Plus with level indicator, 4000vials)</b>	Haier Biomedical	YDS-145-216FZ	14.02.2023	In Working condition	
----	---	------------------	---------------	------------	----------------------	--
